

# Nederland Fire Protection District

*Fire Marshal Board Report – November 2025*

## Permits & Inspections:

No major issues with plan review and inspections.

Working with Eldora Mountain Resort to get their facilities inspected, to align with their rollout opening to the public for this season.

We've been actively involved with the Town and several local businesses to help facilitate their transition to new building spaces within the district; prioritizing fire inspections and documentation to ensure they can open safely.

## Projects:

### **Fire Code Update –**

The Boulder County Fire Code Review Committee approved NFPD's adoption of the 2024 IFC and amendments with some minor grammatical changes. If approved by NFPD, this will go before the County Commissioners on Tuesday, December 2, 2025, at 9:30am.

### **IT –**

CAD link is still down; after even more troubleshooting, we are still waiting for a response from Central Square and BSCO.

We are still adjusting FirstDue dispatching with our new integration to get better initial call information.

### **Truck Checks 2.0 –**

No new updates on truck checks; still working on this

## Training:

Attended the CIAAI annual training conference in Vail. Learned a ton; the classes were excellent and a wide range of topics including wildfire investigations, youth firesetting, coordinating large investigations and forensic anthropology.

***Dedicated to serving all who call upon us; with Proficiency, Integrity, and  
Compassionate Response.***
