

2021 Budget Request

Department: Facilities

Submitted By: NFPD volunteer firefighters

Request Name: Fire Station Furniture Purchase

Select the strategic priority addressed by this request: u/k

Does this address a need in the community survey: Attract more volunteer firefighters to serve the community with pride.

Description and Justification:

This is a formal request from the firefighter/volunteers of NFPD to request funds to purchase 2 large 3.3 x 7.5 foot tables and 14 wooden chairs for the dining/kitchen area on the second floor of station 1. We've been enjoying gathering at this location much more often and would like to make the area more comfortable and presentable. Currently, there are two miss-matched, collapsible, old, damaged tables, and 10 miss-matched, old, uncomfortable chairs. We'd like to purchase two large (dining room-style) tables, that will fit everyone comfortably for a meal or a meeting, and which will have a decent, undamaged, easily cleanable surface, and chairs that can handle wear and tear, as well as ones that can be easily cleaned (for accidental spills, etc.).

Estimated Expenditures:

\$1,500 for 2 x 7.5' long tables

\$1,500 for 14 wooden chairs

Revenue Considerations:

NFPD made \$25,000 during the 2020 fire season. This request is for spending a small portion of this revenue.

Sample of type of table we are considering for purchase (solid oak):

MÖCKELBY \$629.00
Table, oak, 92 1/2x39 3/8 "
