

Nederland Fire Protection District

Fire Marshal Board Report – September 2024

Permits & Inspections:

Permitting continues at a steady stream coming into the winter months. Inspections have been steady as well with nothing to note other than the Lieutenant Candidates have been participating in the inspections.

Projects:

First Due –

Working on a plan to implement the Community Connect module so businesses can call for inspections and submit inspections online in the future.

Wildland Pre-Plans –

Wildfire Atlas: the finished product has arrived, they look fantastic. Working with Chief and the Captains to distribute these to apparatus in a kit. Many thanks to the multitude of people who helped make this a reality, including Patrick Richardson, Chief Schmidtman, FF Scott Papich, Dr. Meg Matonis from The Ember Alliance, and Ann Leroux from RRD.

Self-Inspection Program –

Preliminary work in First Due has begun, no major updates.

Training Room A/V Update –

A lot of work has been completed in the training room updating the AV equipment. Special thanks to Sherry and Cpt. Faes for their assistance. We are at about 90-95% completion.

Other Activities:

I will be attending the Fire Marshal's Symposium at the Fire Leadership Challenge this month.

I was awarded the Randy Rudloff Scholarship to attend the Colorado Chapter of the International Association of Arson Investigators annual training conference in Vail, early November. I'm looking forward to representing Nederland Fire.

The week of Oct. 6-12 is Fire Prevention Week, we had a group of preschoolers visit the station and are planning on visiting NES – we were waiting on a shipment of kid's fire helmets to arrive (which did). Please see attached letter that was sent home to students.

Very Nice Chili Cookoff – October 13th – Proceeds to NFPD.

NES Trunk-or-Treat – October 25th

Assist with Halloween Old Town road crossing – October 31st
